**The Social Emotional team is continuing to meet regularly and discuss the needs of our students.** We've made approximately 200 individual contacts with students using Teams. Students have continued to express their frustration with online learning. Please be sure to let teachers know so we can find ways to help and support. Learning the basics about Teams is essential for academic

success. Your teachers are willing to help please inform your teachers about your technology concerns.

**Distance Learning Tip:** If you have two hotspots at home. Unless two hotspots are being used at the extreme ends of the home, they effectively cancel each other out and the resulting speeds are very slow. Plugging an ethernet cable into the router ports significantly improves the speed as well as the Wi-Fi efficiency.

**SEL Tip:** Think positive thoughts and choose your attitude

**Social Justice Tip:** Advocate for others. Everyone is responsible for enacting and maintaining social equality.

**Continue to organize yourself and utilize the teacher's weekly communication to check all your assignments the upcoming week.**

Remember the weekly school messengers will be posted on Edison's school website at <https://www.fresnou.org/schools/edison>.
