

ART, DESIGN & CREATIVE INNOVATION

As an art major, you'll be able to express your creative and artistic interests, while gaining skills that will cross over into many fields. Choose from three distinct majors including graphic design, studio art and arts administration.

“FPU has become my second home. I enjoy that the classes are small so we’re able to better interact with other students and our professors.”

– **Carolina Mueller,**
Graphic Design

The Art Careers course will help you develop the skills needed to launch a creative idea you're passionate about. Craft a business plan from start to finish as you build up your entrepreneurial knowledge and practical skills, so you can stand out in today's ever-growing art industry.

MEET YOUR PROGRAM DIRECTOR

Rebecca McMillen, Ph.D.

Fun Fact: McMillen has published articles in various journals about accessibility and inclusion in art museums. Her current new area of research is in creative innovation and design thinking.
